ABOUT THE INSTITUTE

To uplift rural talent to cater to the developing environment, KIT's IMER is located in a semi-rural location. It is our endeavour to encourage rural under privileged talent to more professional and competitive environment.

An Institute established in May 1983, Kolhapur Institute of Technology reflects the vision of leading industrialists and educationalists. The vast exposure and experience of its founders has helped KIT to establish its identity as an Institute of repute in the field of engineering and management education.

The continuous growth of industries in India, in general and southern Maharashtra in particular created a growing demand for entrepreneur with specialized technical and managerial background. With a view to cater this growing demand from all parts of our country, the management of KIT started its own Management wing in the year 1994, affiliated to Shivaji University and approved by All India Council For Technical Education, New Delhi.

The Institute is located on Pune-Bangalore highway (NH 4) south to the Kolhapur City. The Institute has a beautiful lush green campus elaborately spread over 27.72 acres of land with built up space of nearly 28,818 sq.mt. IMER is situated in 5 acres of land incorporates well furnished lecture rooms and other amenities like syndicate rooms, common rooms, well equipped Library reading room and computer lab etc. according to AICTE Norms.

ABOUT THE FACULTY DEVELOPMENT PROGRAM

To empower faculty to achieve goals of Higher Education such as access, equity and quality.

Faculty Development Program aims to strengthen teaching and research skills in the contemporary and emerging areas of management and to expose participants to recent developments in teaching and research methods. The program uncovers case based methods of teaching and help the participants in developing the skills in preparing cases to be used for their classes.

We organize Faculty Development Program for the improving the knowledge and skills of the faculty, so that they can share this knowledge with students, and improve teaching experience. We organize these program by inviting the top heads in the respective field to enlighten our faculty, and it is an exhilarating experience for the lectures for sure.

For every budding management professional, it is necessary to stay abreast with the ongoing changes of the business world. The digitalization and emergence of new technologies in businesses offer not only opportunities but challenges too. To stay ahead of the competition, it has become a requisite for budding managers to prepare themselves for the digital world by developing new skills, abilities, and technical acumen. As a leading management institute, is embracing new digital technologies and teaching methodologies into their educational system to prepare students for their digital future.
