d) Organizational chart and processes

e) Nature and Extent of involvement of Faculty and students in academic affairs/improvements

Decision Making Process

At institute level, all the operational decisions are taken by the Director after due consultation and discussion with coordinators, HOD's and office superintendent. Student related decisions are taken by Coordinators, and administrative decisions are taken by OS for routine matters.

Director conduct meetings with all members in the beginning of each term and at the end of each term for the allotment of various activities.

Involvement of faculty and students in academic affairs

Term start date and term end date is declared by Shivaji University. Every year academic calendar is prepared by the Academic advisory board. Accordingly time table for lectures, teaching plans are prepared. Other activities, events, programme, seminars, gathering, sports week etc are fixed. These all programmes are planned and executed by the team of faculty and students. Along with academic advisory board faculty and students are involved in academic affairs through various committees

Student council

g) Student Feedback on Institutional Governance/ Faculty performance

Every semester institute collects feedback from students about the faculty and governance.

The institute has mechanism of obtaining formal and informal feedback from students.

During the students council meetings the Director asks each representative to give his/her feedback on infrastructure, teaching, and office administration.

h) Grievance Redressal mechanism for Faculty, staff and students

Institution has a grievance redressal cell for the students and staff. Student reports the grievances to the class co-coordinator and maximum grievances are resolved by discussion with the coordinator. Depending on the gravity of the grievance if required coordinator communicates to committee and director. Committee addresses various complaints of students like admission process, admission documents, refund of fees and withdrawal of admissions etc. Institute keeps suggestion boxes at various places within institute so that stake holders put their comments, suggestions, and requests without directly meeting to the

authorities. Suggestions or complaints or feedback given provides greater opportunity to serve stake hold better. For faculty LMC and LIC of university are there to redress their grievances. Also university has special grievance redressal cell for the faculty and students.

20. Best Practices adopted, if any

A) Best Practice No.1:

1) Title of the Practice: Preparing students for best performance in external project viva-voce

2) Goal:

To train the students for interviews, so that they can present themselves confidently before the external interview panels for Viva-Voce.

3) The Context:

The institute has designed a program which enables the final years MBA, MCA course to face interviews conducted by external panel of University. This is essential since many students lack the confidence in presenting themselves correctly before the panel members during interviews. Students face interviews for presenting their project work so that they can highlight the activities effectively.

4) The Practice:

To achieve the stated goal the institute has devised a mechanism wherein a committee comprising teachers from MBA and MCA is formed every year. This committee conducts mock interviews of each and every student and evaluates their performance.Later on they are trained by their guide to improve up on their short comings.so that they get prepared for the actual task of interview. The mock interviews are conducted before the University VIVA-VOCE.

5) Evidence of Success:

Students of MBA and MCA have been benefitted greatly with this method. This has shown positive change in their performance. Students have shown excellence in VIVA-VOCE. This is observed repeatedly for last many years.

6) Problems Encountered and Resources Required:

In the initial phase institute did face some glitches in designing the program since requirements of MBA and MCA courses differ but subsequently the matters were sorted out by refining the programming.

7) Future Plans:

The institute plan to conduct such programs starting from initial semester so that students will be trained in the phased manner.

B) Best Practice No.2: 1.

Title of the Practice: Using inhouse resources and talents for design and development of software, advertisement material and information brochures.

2. Goal:

To encourage students to use in house facilities for designing and development of IT soft ware for administrative excellence under the guidance of faculty.

3. The Context:

Through this practice IMER motivates the students to develop IT software's which can be used for speeding up the administrative work of IMER. The aim is to inculcate management practices among these students as well as optimum utilization of the available resources. The advertisement, posters and banners are designed by creative students under the guidance of faculty.

4. The Practice:

The institute since its inception has promoted the practice of involving the students in institutional administrative work to some extent. This is to provide them hands on training as well as improving the administrative efficiency student's involvement. The students of MCA are encouraged to design and develop various IT software which has helped the institute. The designing of visual material is done by our faculty Mr.Ranjeet Bhosale, using photoshop, coral draw etc. by involving students.

5. Evidence of Success:

The students have developed following software:

1. **IMER web site**
2. **MOODLE**
3. **All the advertisements and information brochures are designed within the departments.**

Students also have helped the institute in designing brochures, leaflets, promotional material, etc. This has helped the institute in reducing the cost and also has helped students to get real life task.

6. Problems Encountered and Resources Required:

Problems Encountered:

Certain advanced software's need sophisticated technical set up.

Resources Required:

Technical staff, licensed copies of state of the art software.
